Robindale Woods Reminder

The Dolphins make up the postponed meet against Robindale Woods tomorrow night, Monday, July 26. Warmups are at 5:30pm. Please check in beginning at 5:00pm. Concessions will be served again at the pool. As long as the meet is not rained out again, we will NOT have practice on Tuesday morning.

Ice Cream Social July 27

Next Tuesday evening, the Dolphins will have their annual ice cream social at 7:00pm at Springbrook Pool. Ice cream will be served and all family members are invited to swim. The party will last until 9:00pm. Please feel free to bring your own coolers, food and drinks. Ice cream will be the only food served by the Dolphins.

City Meet Schedule

City Meet will start this Friday, July 31. Dolphin warm up times are 7:40am. All swimmers must be checked in at the Dolphin tent no later than 7:30am. 11 and older swimmers participate on Friday. 10 and unders on Saturday. If you make finals, coaches will contact your swimmer and you will swim on Sunday.

City Meet Workers Needed

Worker positions for City Meet are now [online](#). Due to the number of parents we have working skilled positions and scoring positions, we only need a timer and scribe for lane 5 in the girls pool, and two workers in the girls clerk of course. We also need two MAFD tent parents for each shirt. PLEASE NOTE: if you are not working, and are under the tent, please help send swimmers to clerk of course, whether you are a tent parent or not. It is crucial that all our swimmers get to clerk of course as soon as called. If you are going to sign up for two positions, please do so at one time to avoid any software issues.

MAFD Awards Banquet

The awards banquet will be on FRIDAY, August 6 this year at 7:00pm at Springbrook Pool. The event is on Friday to not have it on a school night. During the evening, we will reflect on the year, award our swimmers with medals, ribbons and more, as well as name the [Preston Scholarship](#) winner and [Jackie Stroh](#) recipient. Please make every effort to attend this very important event.
